LEGAL EXPERIENCE:

Experienced counselor, advocate and expert witness in the field of Intellectual Property Law, focused on the representation of patent and trademark attorneys, registered patent agents, IP and General Practice law firms, corporate counsel, and federal government employees involving legal ethics matters and disciplinary proceedings before the U.S. Patent and Trademark Office and in state and federal court proceedings. Represented hundreds of patent and trademark practitioners in confidential ethics investigations or disciplinary proceedings brought by the USPTO Office of Enrollment and Discipline. Decades of Intellectual Property and commercial litigation experience for multi-national corporate clients in patent and trademark related cases before federal courts in many jurisdictions. Nationally-recognized speaker on legal ethics and regulatory compliance, particularly relating to Intellectual Property law. Credited as a leading attorney in matters involving application of rules of ethics in the practice of patent and trademark law.

INTELLECTUAL PROPERTY ETHICS & USPTO BAR DISCIPLINE DEFENSE:

McCabe Ali LLP , Intellectual Property (IP) Ethics Law, Potomac, MD	2020 to Present
McCabe Law LLC , Intellectual Property (IP) Ethics Law, Potomac, MD	2017-2020

- Managing Partner and Co-Founder of practice as registered Patent Attorney to better serve IP clients with proactive risk management counsel by ensuring that business and legal affairs are compliant with applicable federal and state Rules of Professional Conduct
- Utilize knowledge as prior Officer and Director of multinational IP Law Firm to assist clients, including in-house corporate counsel and law firms, in formulating best practices within their organizations regarding risk management, avoidance of conflicts of interest, proper identification of clients, and management oversight responsibilities
- Expert in representing clients involved in USPTO Ethics Investigations and commended for detailed knowledge in unique and complex niche of ethics within IP law, including prosecution and litigation matters
- Consultant for internal law firm and corporate investigations pertaining to risk management, ethics compliance, and professional liability
- Provide expert witness consulting and testifying services on USPTO ethics rules and practices and procedures before the Office of Enrollment and Discipline (OED)
- Defend lawyers and patent agents charged with ethics violations in disciplinary enforcement actions brought by the USPTO, state and federal courts, including matters involving allegations of breach of fiduciary duty, lack of competency, unauthorized practice of law, conflicts of interest, duties to clients and courts, inequitable conduct and violation of the

duty of candor, Rule 11 violations, sanctions, disqualification motions, litigation misconduct, patent and trademark prosecution misconduct, lawyer mobility issues, personal misconduct and criminal convictions

- Recognized as dynamic speaker, authoritative commentator, and published author on ethical and legal issues in practice of intellectual property law

Funk & Bolton, PA, General Practice Law Firm

2011-2017

Partner & Attorney Ethics Practice Group Founder

- Created and initiated practice group in general practice law firm focused on representation of patent and trademark lawyers in ethics counseling, government investigations, and formal disciplinary proceedings against IP practitioners
- Hired by U.S. Department of Justice as Special Ethics Counsel to represent a federal government patent attorney accused by the USPTO of unethical conduct
- Publicly commended by prominent legal commentators for launching first-ever niche-focused law blog concentrating on intellectual property and legal ethics, which addresses new developments, interpretations, resources, and best practices in informative and user-friendly format
- Published chapter by American Bar Association in multiple editions of reference book regarding confidentiality and the attorney-client privilege in the practice of IP law
- Represented institutional clients in patent and other commercial claims before federal courts and administrative agencies

Oblon, Spivak, LLP, Intellectual Property Law, Alexandria, VA

1999-2011

Partner, Director & Risk Management Chair

- Represented domestic and foreign clients in patent litigation involving diverse areas of technology, drafted opinions relating to patent validity and infringement, and prepared and prosecuted patent applications before the USPTO
- Promoted by senior management to Risk Management Committee Chair to manage firm's functions in legal ethics, professional responsibility, risk management, and malpractice avoidance to ensure PTO, federal and state ethics compliance
- Served as Arbitrator in binding proceeding to resolve ownership dispute of IP rights between competing clients through review of legal briefs, documentary evidence and witness testimony to reach appropriate decision
- Elected to Shareholder and Board of Directors due to trusting reputation for liaison and discretion with strong analytical and communication skills to serve interests of attorneys and firm
- Recognized as Intellectual Property expert through IP published works and speaking engagements in legal and academia communities (see below list)

McDermott, Will & Emery, *Partner*, IP Litigation, Washington, DC
(Merged with Lowe, Price, LeBlanc & Becker)

1995-1999

Shapiro & Olander, *Associate*, General Practice, Baltimore, MD

1992-1995

- Represented corporate and individual clients in litigating patent, trademark, and copyright disputes before federal district courts and the International Trade Commission

- Initiated IP Department (at Shapiro) to represent inventors and companies in patent and trademark clearances, opinions, applications, IP licensing rights, and employer contract protocols for ownership of intellectual property

ENGINEERING WORK EXPERIENCE:

NASA / Goddard Space Flight Center, Greenbelt, MD

1985-1989

Advanced Development and Flight Experiments Section

Mechanical Engineer

- Conducted ground-based and microgravity testing aboard the Space Shuttle of new types of two-phase capillary pump loop heat transfer systems for integration in the International Space Station, analyzed performance data, worked with other NASA centers, and delivered recommendations to senior NASA management
- Served as Goddard representative in collaboration with U.S. Air Force to jointly test and develop high-power spacecraft thermal management systems, and authored and presented technical paper on project results at international engineering conference
